

INTRODUCTION

TRACY MAXWELL

My name is (Speaker's Full Name). I am (leadership position), and it's my pleasure to welcome you to our program.

Our speaker today is Tracy Maxwell. She has worked in and around higher education for more than 26 years, and has been deeply involved with hazing prevention work since 2004.

A few things about Tracy that might interest you...

She grew up in a tourist area in-between two huge lakes, where she learned to love swimming and waterskiing from a young age.

When she moved to the Rocky Mountains and discovered there weren't that many lakes, she had to get her water fix somehow and soon discovered whitewater. She has been a river guide for nearly two decades, leading people on three-day camping and canoe trips down Western rivers.

Tracy founded HazingPrevention.Org because she believed with the right resources, we could actually do something about hazing in our society. She has appeared on ESPN's Outside the Lines, CBS This Morning, and the Katie Couric Show to talk about hazing prevention.

She is here today to have a conversation with us about a topic that is often shrouded in secrecy. Her goal is for you to think and feel about hazing in a new way and feel empowered to do something about it.

Please welcome Tracy Maxwell.
